

Head Light Keepers Cottage

Directions when you arrive

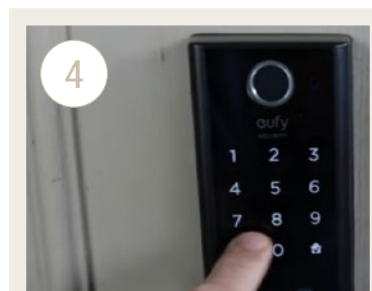

1 Drive towards Cape Nelson Lighthouse along Cape Nelson Road. Travel through the public car park, and continue through the Cape Nelson Lightstation gateway towards Isabella's Café.

3 You will see the Head Lighthouse Keeper's Cottage ahead of you. Park outside the gate to the left of the gate and to the left of the path.

2 Drive through the gap between the café and the small grey building on your left. You will then see that you can turn left and drive between that building and the weather station surrounded by a cyclone fence.

4 Find the electronic door lock located on the cottage front door, touch the key pad. When it illuminates enter the four digit code we sent you, then touch the house icon (bottom right). The dead bolt will withdraw and the door can be opened with the usual handle.

CAPE NELSON LIGHTHOUSE COTTAGES
